

GLVAR GREEN Committee Presents

ENERGIZING LAS VEGAS

A RESILIENT & SUSTAINABLE CITY

THURSDAY, JANUARY 12 • 2:30 P.M.
CLASSROOM A

SPEAKER

MARCO VELOTTA

Management Analyst, City of Las Vegas' Sustainability Office

Join the GREEN Committee for this free event and learn why these, and other community wide efforts, exemplify sustainable living that has an impactful and positive effect on our quality of life.

- The City of Las Vegas is a leader in the GREEN sustainability movement by investing more than \$70 million in:
 - solar, energy and water efficiency projects
 - comprehensive recycling programs, GREEN buildings
 - bike lanes and alternative transportation infrastructure.
- 100 percent of the City's retail load will be served by renewable energy.
