

December 2014 Release Notes

1. The system now supports adding custom signatures and initials for special situations, when the signature is different than the signer's name. See screenshot below.

As a side note, we are also working on functionality to handle trusts and corporations in transactions and forms. Look for that in the coming weeks.

Customize signature for long names such as Trusts or Corporations:

Custom Signature:

Custom Initials:

2. We made minor changes to the look of signatures, initials and other signing elements.

12/03/2014

3. The InstanetInk logo has been updated.

Step 1: Accept/Modify your Signature

Name: [Bob Buyer \[Edit Personal Details\]](#)

Role: Buyer

Language:

Bob Buyer

Step 2: Create your Password

4. The InstanetInk canvas for creating a signature is now larger than before.

Cancel Create Signature Clear Next

Step 1 Create your Signature

Continue drawing your signature in the box below.

5. The alignment of a signature stamp to a signature line has been adjusted to make it easier to drop the signature in the right place.

6. The last section registration page for signing Participants has been made to show by default, so the *I Agree* checkboxes are more readily visible.

+ Step 3: Accept TOS, EULA, ABP and Consumer Consent Disclosure

If You are accessing the Service to view, edit, electronically sign or retrieve an electronic document that was made available to You by one of Instanet Solutions' other customers, You explicitly acknowledge and agree that: (i) You are using the Service for such purpose, (ii) recognize the Service provides a web based security service that enables users to verify the authenticity of documents, provide tamper detection, digitally sign, electronically date, time stamp and postmark, and store such documents, and (iii) the Service, together with the Adobe/GlobalSign CDS digital signature timestamp certification, is a qualified security

Consumer Consent Disclosure

By proceeding and selecting the "I Agree" toggle button option corresponding to the Consumer Consent Disclosure section on the Authentisign Signature Creation Wizard you are agreeing that you have reviewed the following consumer consent disclosure information and consent to transacting business electronically, to receive notices and disclosures electronically, and to utilize electronic signatures instead of using paper documents. This electronic signature service ("Authentisign") is provided on behalf of

[Print/Download Consumer Consent Disclosure](#)

I agree to and approve the electronic representation of my Signature and Initials for use when signing any and all documents in this Authentisign E-Signature process.

I Agree

I agree to and approve the Terms Of Service, End User License Agreement, Agreement between Parties and the Consumer Consent Disclosure.

I Agree

7. Step 1 of the wizard now remembers the last selected *Participant Order* used, so it becomes the default setting for a user's account until the next time they change it.

  Step 1: Details

* Signing Name:

Participant Order: Sign In-line - Signing Participants sign in order.

Simul-Sign - First come first serve.

 Advanced options:

8. The *Link* button for the Broker File Manager link has been moved to be more visible in the signing set-up Wizard.

The *Link* feature allows documents signed in Authentisign to automatically be routed to the placeholder in the document placeholder in the associated transaction. There is no easier way to file documents in a transaction for brokerage review. *If you're not familiar with this feature, definitely contact us and ask for more details on the Broker File Manager functions in our system.*

  Step 3: Documents
